

**Pink Lace Crapemyrtle**  
*Lagerstroemia indica 'Pink Lace'*

Height: 20 feet

Spread: 15 feet

Sunlight:

Hardiness Zone: 7b

Other Names: Crape Myrtle, Crepe Myrtle

**Description:**

This stunning ornamental shrub or small tree produces volumes of pink blooms in summer, followed by red-orange fall foliage; captivating focal point for the garden or border; also good for container planting

**Ornamental Features**

Pink Lace Crapemyrtle is bathed in stunning panicles of pink frilly flowers at the ends of the branches from early summer to early fall. It has attractive dark green deciduous foliage which emerges coppery-bronze in spring. The oval leaves are highly ornamental and turn red in fall.

**Landscape Attributes**

Pink Lace Crapemyrtle is a dense multi-stemmed deciduous tree with a more or less rounded form. Its relatively fine texture sets it apart from other landscape plants with less refined foliage.

This is a relatively low maintenance tree, and is best pruned in late winter once the threat of extreme cold has passed. It has no significant negative characteristics.

Pink Lace Crapemyrtle is recommended for the following landscape applications;

- Accent
- Mass Planting
- Hedges/Screening
- General Garden Use

**Planting & Growing**

Pink Lace Crapemyrtle will grow to be about 20 feet tall at maturity, with a spread of 15 feet. It has a low canopy with a typical clearance of 3 feet from the ground, and is suitable for planting under power lines. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years.

This tree does best in full sun to partial shade. It prefers to grow in average to moist conditions, and shouldn't be allowed to dry out. It is very fussy about its soil conditions and must have rich, acidic soils to ensure success, and is subject to chlorosis (yellowing) of the foliage in alkaline soils. It is highly tolerant of urban pollution and will even thrive in inner city environments. This is a selected variety of a species not originally from North America.
